

It is very important that you keep these guidelines in place. I will not take any solicitation call. There is much to much fraud. I will not discuss anything over the telephone with anyone. There are plenty of other ways to reach me via the mail system, e-mail or newspaper.

It is also very nice to have family time at dinner and not answer the phone and dealing with the continual ringing of the phone one after another and the harassment because you don't want to talk to them. I should have a say in who should call or not call me.
